The emphasis on backward integration ensures that every aspect of the project delivery is under in-house control. This means Atkinson can maintain focus on their stringent quality standards. In addition, this allows Atkinson to deliver the projects as per strict timelines.

ORGANISATION CHART

HEALTH, SAFETY AND ENVIRONMENT POLICY

ENVIRONMENT, HEALTH AND SAFETY POLICY

ATKINSON is one of the reputed brands in Interior design and turnkey projects. We are committed to integrating HSE excellence into its business activities to ensure the safety of all stake holders and communities it operates in and the environment.

ATKINSON is committed to take every reasonable effort to eliminate hazards that cause injuries.

ATKINSON operates its business in a manner consistent with the laws and regulations with an urgent response to any emergency in its workplace.

The following principles will form the hallmark of our company policy:

- Prevent injury and ill health which may occur due to operational activities.
- Improve continually in HSE management and HSE performance.
- Ensure that meets all legislative & other requirements and maintain the highest safety standards.
- A safe work environment for all employees, subcontractors, clients, and the public at large.
- Prevent pollution by reducing the amount of waste arising from its activities and minimize consumptions through reduction, reuse, or recycling of materials as much as possible in a systematic and cost-effective manner with best environmental practices.
- Lead the industry in minimizing the impact of its activities on the environment.
- Meet or exceed all environmental legislation related to the scope of the organization.
- Communicate to all employees & available to interested parties for the purpose on the request.

ATKINSON's commitment to health, safety and environment protection is understood in all the organization and implements this policy via HSE Management System which aims to continual improvement by defining related responsibilities through the organization. Therefore, it is imperative that all employees at all levels and contractors fully understand and strictly always adhere to this policy.
